\$75,000-\$80,000 per year

Email your resume to: [support@ITAD-company.com](mailto:support@ITAD-company.com) (please add the following job code HR4028)

The ITAD company is a rapidly growing nationwide IT asset disposition business in need of skilled and experienced IT managers. Our ITAD service includes decommissioning, removing, recycling and purchasing the IT hardware used in both office and data center environments. We primarily buy the following used or excess computing, networking and storage hardware:

- We buy used PowerEdge rack servers from Dell Technologies.
- We buy used HPE Enterprise servers & server systems (ProLiant, GEN, DL, etc.)
- We buy most models of SuperMicro servers (TwinPro, Twin, SuperBlade, MicroBlade, etc.)
- We also purchase most other brands of used blade, rack and even tower servers.
- We purchase used network hardware and switches (Cisco, Arista, Meraki, Juniper etc.)
- We buy used storage arrays and data cloud storage systems.
- We will also purchase used laptops, desktops, and tablet computers.

We need IT professionals to help manage the removal, inspection, testing, valuation and refurbishment of used IT assets from both data centers and offices. You may also be called upon to assist with decommissioning rack clusters, cloud infrastructure and office networks. The position requires working knowledge of Unix Linux and windows operating systems and physical hardware maintenance.

### Work Environment

You will be working in a warehouse environment. You will be required to travel to our clients locations to assess IT assets and IT infrastructures. However, predominantly you will be working with a team in one of our partnering ITAD facilities.

### Physical Demands

The candidate for this position is regularly required to talk and hear. The job requires sitting for a prolonged period. In addition, you will need to be dexterous and coordinated for the purposes of handling computing, networking and storage hardware. You will be required to lift up to 25 lbs. You will be required to reach for items above and below desk level. You must possess the strength, coordination and vision to use keyboard and video display terminal for prolonged periods.

## EEO Statement

The ITAD company provides equal employment opportunities to all employees and applicants for employment and prohibits discrimination and harassment of any type without regard to race, color, religion, age, sex, national origin, disability status, genetics, protected veteran status, sexual orientation, gender identity or expression, or any other characteristic protected by federal, state or local laws.

## Skills and Qualifications

- Bachelor's degree in technology or computer science
- 3+ years' experience in IT Management.
- 3+ years' experience in a Network administration role.
- 2+ years working with Cloud technology e.g.: servers, storage systems, networking hardware.
- Experience and/or knowledge of programming languages within operating systems. (MS Exchange, active directory, and other Windows based systems) current equipment and technologies, enterprise backup and recovery procedures, and system performance monitoring.
- Expertise with implementing, configuring and testing solutions.
- Experience with pricing & sourcing IT hardware.

## Preferred Qualifications / Skills

- Proven leadership skills
- Strong creative and analytical thinking
- Professional certifications (Microsoft)

## Benefits:

- 401(k)
- Dental insurance
- Health insurance
- Life insurance
- Paid time off
- Vision insurance

## Schedule:

- 8-hour shift
- Day shift
- Monday to Friday

## Job Type: Full-time

**Pay: \$75,000.00 - \$80,000.00 per year**
